Hi Vicki and Kathleen,

We have inserted the updated figures into the report draft as requested (see attached). Please note that insertion of the new figures causes the text to wrap differently. Please let me know if you would like SRC to check for changes and update the table of contents for this draft.

Thanks very much,

Julie

Hi Vicki,

There is funding left in this TD budget and Lisa Chamberlin is working on this now.

Julie – I also should have asked – we need back ASAP! Today or tomorrow morning.

Thanks
Vicki

Hi Julie,

Is there enough funds on the TD to have SRC insert the correct figures into the Tox Review? The most recent is attached here. Kathleen already finished Section 2. Can you insert the updated figures in Section 1 (Figures 1-1, 1-3, 1-4, and 1-5). We were not sure if Figure 1-6 was changed at all.

Thanks!
Vicki

Hi Kathleen,

Thank you for providing this clarification regarding the use of inhalation data in the ER arrays. I believe that the version that we previously sent you represents a complete deliverable for the ER arrays, but please let me know if my assumption is incorrect and further revisions are needed.

Thanks Julie for making these questions so straightforward! I've attached my responses. Let me know if there are any questions with the RfC/RfD arrays.

Thanks!

Kathleen

Subject: Questions regarding BaP ER arrays (EP-B16C-00022; TD No. GS-16-015)

Hi Vicki and Kathleen,

I have attached a list of questions/comments pertaining to the exposure response arrays for BaP and the corresponding draft arrays for EPA review. I would appreciate your technical direction regarding further revisions to these figures.

Thanks very much,

Julie
